

2nd ICSCM

2. International Conference on
Stone and Concrete Machining

14.-15.11.2013

Westfalenhallen (Congress Center)
Dortmund, Germany

Call for Papers

www.icscm.de

Organization

Prof. Dr.-Ing. W. Tillmann
Institute of Materials Engineering

Editorial Board

Prof. Dr.-Ing. W. Tillmann
Institute of Materials Engineering
Technische Universität Dortmund

Prof. Dr.-Ing. B. Denkena
Institute of Production
Engineering and Machine Tools
Leibniz Universität Hannover

Prof. Dr.-Ing. W. Theisen
Chair of Materials Technology
Ruhr Universität Bochum

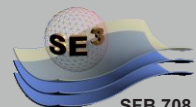

Prof. Dr.-Ing. Fr.-W. Bach
Niedersachsenprofessur für Werkstofftechnik-Rückbautechnologie
Institute of Materials Science
Leibniz Universität Hannover

Partner

Stadt Dortmund
Wirtschaftsförderung

DIWT

Dortmunder Interessengemeinschaft für Werkstofftechnologie e.V.

Objective and Scope

Concrete drilling and sawing companies as well as granite and marble machining businesses are facing increasing demands for their products and services. In order to maintain competitiveness, the further development of the production processes is of great importance. Therefore, knowledge about the potential of current manufacturing and machining processes is required in order to provide the basis for the future technological development.

This conference addresses professionals from industry and universities to present and discuss latest developments around the machining of natural stone and construction materials using advanced tool systems and machining strategies.

Conference Topics

- Machining of natural stone
- Machining of (reinforced) concrete
- Tool design (alloys, assembly,...)
- Material concepts
- Tool manufacturing
- Process design
- Cutting processes
- Surface engineering
- New procedures and applications
- Friction & wear
- Wear protection
- Coating and joining technologies
- Measurement and analysis techniques

Proceedings

Authors are invited to contribute papers dealing with the conference topics. The Programme Committee will review all submitted papers. All accepted papers will be published in the conference proceedings. These will be handed out to participants during the conference. The conference language is english.

Call for Papers

17.04.2013: Abstract deadline
(200-300 words in english).

Please submit your abstract via:

www.icscm.de

Authors are required to attend the conference for oral presentation.

Important Dates

17.04.2013: Submission deadline abstracts

30.05.2013: Early registration deadline

23.08.2013: Submission deadline full papers
for review

14.-15.11.2013: Conference

14.11.2013: Evening event, best paper award
conference dinner

International Conference on
Stone and Concrete Machining
2nd ICSCM
14.-15.11.2013
Westfalenhallen Dortmund

Registration

(Fax: +49 (0) 231 / 755 - 4079)

2nd International Conference on Stone and Concrete Machining (ICSCM), 14.-15.11.2013, Westfalenhallen (Congress Center) Dortmund, Germany.

Accommodation

The conference will be held at the Westfalenhallen (Congress Center) in Dortmund, which is located near to the inner city of Dortmund offering a large number of hotels ranging from small cozy hotels to international standard first class hotels.

Special rates for delegates are available in the following hotels. The keyword is "International Stone Conference".

Steigenberger Hotel ****

Phone: +49 231 9021-0
dortmund@steigenberger.de
www.dortmund.steigenberger.de
single room 81,- €, incl. breakfast, sauna, fitness room available before 30.09.2013

Best Western Parkhotel ****

Phone: +49 231 1204-241
parkhotel@westfalenhallen.de
www.westfalenhallen.de
single room 115 €, incl. breakfast, WLAN, pool, sauna available before 30.09.2013

Pullmann ****

Phone: +49 511 9737-610
h2833-re@accor.com
www.pullmanhotels.com
single room 89,- €, incl. breakfast, sauna, fitness room available before 30.09.2013

B&B Dortmund-Messe ***

Phone: +49 231 54955-0
dortmund-messe@hotelbb.com
www.hotelbb.de
single room 66,50 €, incl. breakfast available before 30.09.2013
